Victor's Dine & Donate

This year's Sexual Assault Awareness Month was extra special for us at Turning Point, after being chosen for Victor's Dine & Donate Fundraiser!

Dr. Brian Thomas, DMD, has a great passion for food and cooking. He was invited to be Victor's first Guest Chef. Victor's said, "It seems like a natural fit as past trips to Italy inspired Brian to craft several featured dishes for Victor's. His creations are based on some of those great experiences and memories he and his wife, Anne, made sitting around a dinner table with friends in the country famous for its art, culture, food and wine."

Dr Thomas chose Turning Point Counseling and Advocacy Center as the non-profit to receive donations. He says he and Anne were touched after hearing success stories from Turning Point clients, and wanted to support this non-profit that helps survivors heal from childhood sexual abuse. The event ran from April 17th – April 20th and raised \$2,180 to support all survivors! We at Turning Point couldn't be more thankful for this extremely generous donation!
